Procedure and Policies for maintaining and utilizing physical, academic and support facilities, laboratory, library, sport complex, computers and classrooms 2022-2023

College Development Committee looks after on the various infrastructural and academic needs of the college and allocates budget, keeping in view the requirements of all the stakeholders. The College has 11 laboratories attached to various departments, 1 computer lab. Optimum utilization of laboratory resources is ensured by the faculty coordinators, vice principals and department heads for the whole semester.

Library: Every year, the college constitutes a library committee consisting of the Principal as its Chairman, College Librarian as its Secretary, Vice Principals and Coordinators of Arts, Commerce and Science faculties, senior teachers representing various departments. In the meeting of the committee, organized at the beginning of the academic year, the Librarian presents Annual Library Budget of various departments based on student ratio for each subject. This committee deliberates on the budgetary allocations, evaluates the previous year's library activities and proposes for new purchase of new books.

Chatrapati Sambhajiraje krida sankul is managed by the College Sports Committee that advises the Physical Director in planning optimum utilization of sports facilities throughout the year. This committee consists of the Principal, Vice principals, Physical Director and other teachers. The classrooms of the college are spread across the campus at different locations. For their optimum utilization the Arts and Commerce faculties are run in the morning shift and Science faculty in the afternoon shift. The timetable for classroom teaching is prepared before the commencement of each semester where classroom wise schedule displayed. The college

obtained a dedicated power line from the Electricity Board of Maharashtra State. Further, the college has set up its own power transformer within the campus so as to avoid fluctuations in voltage supply. For providing fluctuation free uninterrupted electric supply, the power

generator is used. Office computers are connected to a dedicated UPS. To combat the challenges posed by periodic load shedding and black-outs, the college has set up power generators. The college also dug one borewell in the campus that provide sufficient and constant supply of water. Special provision is made for the storage of LPG gas cylinders outside the laboratories. Chemicals are stored as per the standards specified by the suppliers.

College Development Committee 2022-2023
