Strengths, Opportunities and Challenges (SOC) of the Department:

Strengths:

- ❖ Post Graduate Department
- ❖ Friendly interaction of teachers with the students

Opportunities:

- ❖ Teaching learning method can be improved with learning resources
- ❖ Ample scope for extending research projects

Challenges:

Students are motivated to join services with Chartered Accountants, Advocates, Tax Consultants, Marketing Agencies & the Offices. So that they can learn by doing the work. Directing work exposures give them opportunity to know office routines, filling, operational banking. This cultivates habit for hard work. They can apply the theoretical principles learnt in classroom in real life situations. These special efforts do not bring frustration after the end of formal college education.

Future Plans:

- To motivate & accommodate maximum number of the students in Earn & learn Scheme.
- To organize entrepreneurship camps in the College.

- To establish student career counseling center. Taking their aptitude tests, checking Intelligence quotient & emotional quotient of the students.
- To introduce bachelor program in e-Commerce Course.
- To improve academic qualifications of the staff members. Most of us shall get involved in research by registering for Ph.D.
- To create affinity between alumni and the Department so that contributory faculty, Visiting lecturers & financial assistance for creating more facility & get more placements to our students may become possible.
