(Nutan Maratha College), Jalgaon**

## **Best Practices 2019-20**

**1.Green and Eco-friendly Campus** The College is aware of environment and as a part of it, we have developed green and clean campus. We have separate parking of vehicles for students and teachers. The students and teachers are environmental conscious and take efforts in maintaining a campus green and ecofriendly.

**2. Service Provider** The stakeholders in our college, come from adjoining rural area. These students along with teaching learning in the college, do the part-time job as our college is located in heart of the city, the students take the advantage of the location of college and acquire the skills in their part-time job which is easily available for them in the city. The college has decided to take the advantage of these students to develop the skill of these students by providing them the opportunity to earn while learning. Such students are acknowledged and the list of service provider is made available for the society as well as for the teaching and non-teaching staff of the college.
