MOU REPORT FOR 2022-23

OF

DEPARTMENT OF CHEMISTRY

30 September 2022 REPORT FOR SOIL ANALYSIS AND WATER ANALYSIS COURSE

30 September 2022 Department of chemistry of JDMVP's Nutan Maratha college, Jalgaon organized the meet for development of the skill among the students and provide them the information regarding Soil Analysis and water analysis under the expert guidance of Sajid Malak and Dr. S.P. Mote where the expert guide the students about various parameter scale used to check the contamination level in the soil like pH, level of nitrogen, phosphate, Ca, electrical conductivity etc., and also of water like dissolve oxygen, ORP, pH, BOD, turbidity, etc. And also gave the idea about the various type of soil and water sample and who one can see the variation in the parameter accordingly. Expert also guide the students regarding the precaution one should take in order to check the parameter using instrument and also while collecting sample. They also provided the information regarding the need of this kind of analysis and what happen if right analysis is not done time to time. The students got an idea about the benefits behind it like

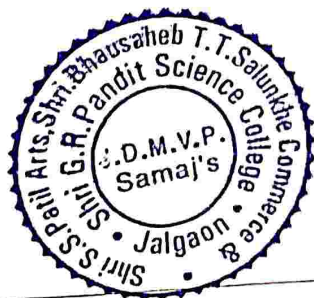

- ❖ Course can fulfill the needs of livelihoods by taking it as their profession
- ❖ Get the idea of nutrient level of soil
- ❖ One can get the idea of pollution level in particular area and in the respective water bodies
- ❖ Helps farmers in making smart data driven decision and thus do right investment and get the profit accordingly
- ❖ Regular checking of water can help in detection of change taking place in it and thus taking the necessary step to reduce the risk of health one can go through.

The expertise also cognizant the student about various schemes which can help the finical weaker students if they want to take this activity as their profession which include

- ❖ Atal Innovation Mission (AIM)
- ❖ Pradhan Mantri MUDRA Yojana (PMMY)

In order to provide the hole guidance to the students and to train the students certificate course was also provided to the students. So that students can get idea of small and small things necessary for the analysis process utilize it in their work. Contact number of the expert were provided to students in order to resolve any problem if face by the students And students also showed there interest with interacting with them and asking there queries. And registering themselves for the certificate course of soil analysis and water analysis

10 January 2023 REPORT FOR SOIL ANALYSIS AND WATER ANALYSIS COURSE

Chemistry department of JDMVP's Nutan Maratha college, Jalgaon congregated students for the meeting on 10 January 2023 in Chemistry department. Expert Sajid Malak and Dr. S. P. Mote had a discussion with the students on soil and water analysis course. In which the expert aware the students about the profession utility of the soil and water analysis course. They put forth an idea to providing the laboratory service to the customer by the students to check the contamination parameter in the sample provided by the people. Expert also point out the benefits regarding the course like one can make there resume strong and thus can help them to get there job in future. They had a dialogue with the students on the quire put forth by the students like how one can get an help in there startup and many more. Result behind this meeting was satisfactory with the benefits like

- It boost the knowledge about the profession use
- Got an update of latest technology which can help them, if choice the course as career
- Build the confidence
- Got the base idea about the need of soil and water analysis course
